Plastic Recess Box (Smart Box)

Manufactured from a tough UV stabilised ABS plastic, the smart box is light weight, easy to handle, durable and easy to install.

Fully Recessed Box (RBOX02)

Designed to house and hide not only the pipe work, but the Continuous Flow unit itself with a front cover creating a smooth and clean finish to the installation.

Fully Recessed Box (RBOX05)

This Recess Box houses our largest Continuous Flow heater, it delivers a seamless and clean installation whilst providing access for maintenance.

Metal Recess Box (RBOX04L)

Designed to house and hide the pipe work, but also create a smooth and clean finish to the installation.

Pipe Cover (PC11D)

Colour matched to enhance the installation by hiding unsightly pipe work and complement it's existing surroundings.

Metal Recess Box (RBOX07L)

Designed to house our premium Continuous Flow range, and hide the pipe work, its creates a smooth and clean finish to the installation.

Metal Recess Box (RBOX06LW)

Built into the wall the metal recess box is designed to house and hide the pipework but also create a smooth and clean finish to the installation.

Pipe Cover (PCD01W)

Colour matched to enhance the installation by hiding unsightly pipe work and complement it's existing surroundings.
